How can we help?

We can tell schools about places to visit and things to see and do throughout Northern England, help them organise their school trips. Our service has also been used very effectively to raise awareness of educational, environmental, health and safety issues.

What can we do?

Our bespoke service lets your visitor attraction place a promotional leaflet into our branded information pack. We distribute these packs to primary schools throughout Northern England for teachers to reference all year round. Our Bags of Info for Kids 2017 packs were ordered by over 1400 schools and reach over 285,000 families, we anticipate similar success by creating a pack tailor-made for schools themselves.

How much will it cost?

You select the areas you want to target. The rate card shows the price for each area and the amount of print required. Special price quoted for more than one item of print in the same pack. We're excited to hear from you.
